

Orthotic Sandals

When every step makes a difference, you choose foot wear that is comfortable, stylish and good for you. Orthotic sandals are the perfect solution for active and health conscience individuals. With a built in orthotic correction into every sandal design, faulty biomechanics can be corrected allowing the body to perform at it's best.

“Good for the feet...Good for the body” claims the Orthotic Sandal company, who is committed to providing customers with a high quality, stylish and supportive sandal, that allows people to maintain their active lifestyles in healthy foot wear. Orthotic sandals have cushioning and stability built together, allowing the body to shock absorb better, while controlling excessive motion of the ankles. The traction sole allows a better grip in slippery situations and all styles warrant the comment “beautiful when wet”.

Styles include easy slip on thongs, walking sandals, casual dress sandals and active outdoor adventure sandals. Prices range from \$39.99 to \$79.99.
